WHEREAS, on Friday, July 29, 2016, the South Colonie Central School District was notified that the electrical service at Veeder Elementary School failed and there is no power to the building; and

WHEREAS, the current emergency situation is creating a health hazard and an unsafe condition for the District and its personnel such that power must be restored prior to the beginning of the 2016-2017 school year.

NOW, THEREFORE, BE IT RESOLVED, that the South Colonie Central School District Board of Education hereby declares the work and purchases related to the repair and replacement of the electrical system to be an emergency project; and

BE IT FURTHER RESOLVED, that pursuant to the provision of §103(4) of the General Municipal Law of the State of New York, the Board of Education does hereby find and determine that a public emergency exists arising out of an unforeseen occurrence or condition in and around the District schools affecting the life, health, safety or property of the District, its employees and students and area residents require immediate action which cannot await competitive bidding. The Board has determined that the proposed action must be commenced as soon as possible in order to have it completed for the protection and safety of students, employees, visitors, and area residents and for the delivery of educational services for the 2016-2017 school year; and

BE IT FURTHER RESOLVED, that the costs for these activities are contingent and do not require authorization; and
