

**SEVERE WEATHER AND WEATHER ALERTS**

In the event of severe weather and weather alerts, the District may close early or delay opening because weather conditions make travel dangerous. The Superintendent of Schools or his/her designee shall have the authority to adjust transportation schedules as needed in an effort to maintain the highest level of student and employee safety.

Notifications of closings, delays or other weather alerts which significantly affect transportation scheduling are communicated to parents/guardians through District communication tools (website, SNN alerts, automated phone calls, emails, etc.).

Adopted: April 19, 2016
